

December 5, 2022

Dear Harris Health System Pharmacy Customer:

Effective Jan. 1, 2023, there will be changes in the pharmacy payment collections that will affect patients with the following financial assistance status:

- My Harris Health
- Self-Pay (with or without insurance)
- Incomplete or no screening for Harris Health financial assistance (with or without insurance)
- Expired Financial Assistance Program

Patients with the above financial status are required to pay the price determined by your insurance plan, the full cash price, or the full price of the medication(s) as determined by Harris Health System's financial assistance plan.

If you cannot afford the price of your medication, there may be alternatives such as:

- **Harris Health's Financial Assistance Program**
You may be eligible for Harris Health's Financial Assistance Program. For more information, visit the Eligibility website at <https://www.harrishealth.org/access-care/patient-eligibility> or call 713-566-6509.
- **Health Insurance Marketplace**
If you are uninsured, you can enroll in one of the Health Insurance Marketplace plans. Open enrollment for the Marketplace begins Nov. 1 and ends Jan. 15, 2023. To enroll, you can go to <https://www.healthcare.gov>.

Effective Jan. 1, 2023, changes in the pharmacy copay will affect patients with the Financial Assistance Program status.

- The 90-Day Program (\$10 copay) will no longer be available. Patients with the Financial Assistance Program status receiving a 90-day supply will be asked, but will not be required, to pay a \$24 copay.

Sincerely,

Harris Health System
Department of Pharmacy
