- Local Health Department Contact Information 14
- Resource Documents 16

Introduction

The shift of the DSRIP program from project-based outcomes to system-wide quality improvement has highlighted the importance of collaboration, especially since providers must select from a standardized menu of quality outcomes and can account for activity that occurs outside of their system. In order to encourage collaboration within the Region and throughout Texas, the Region 3 Anchor Team and System Design, Implementation, and Performance Committee developed this document containing main DSRIP contacts and outcome selection information. The purpose of this resource is to supply Region 3 Providers with information that can connect them to other providers with shared Category C outcomes for technical purposes, as well as to identify potential partners for collaboration.

Information available in this document:

- Tables depicting Category C selections by Measure Bundle topic for all provider types. Measures on the Community Mental Health Center (CMHC) and Local Health Department (LHD) menus that align with the Hospital and Physician Practice Measure Bundles were identified by looking at the 3-digit number in the measure ID. For example, measure A1-207 in the Diabetes Measure Bundle aligns with measure L1-207 on the LHD menu.
- A list of RHP3 DSRIP main contacts at each Performing Provider organization. This information was collected from Provider presentations given at the RHP3 DSRIP DY7-8 Kickoff in June 2018. Name, position, and email are listed for all RHP3 Providers, while phone numbers are given for most. Additionally, selected bundles or measures are listed for each Provider, as well as the specific measures for CMHC and LHD providers that align with Measure Bundles.
- Links to useful resource documents.

Note: The DSRIP Performing Provider and Anchor contacts available in this document are recent as of the publishing date (8/30/18). These contacts are subject to change as turnover occurs within organizations. If you are unable to reach a contact using the information provided in this document, please notify the Region 3 Anchor Team at setexasrhp@harrishealth.org and we will assist you.

Provider Outcome Selections by Bundle (A1 – D1)

Measure Bundle Names

- A1 – Chronic Disease Management: Diabetes
- A2 – Chronic Disease Management: Heart Disease
- B1 – Care Transitions & Hospital Readmissions
- B2 – Patient Navigation & ED Diversion
- C1 – Primary Care Prevention - Healthy Texans
- C2 – Primary Care Prevention - Cancer Screening
- C3 – Hepatitis C
- D1 – Pediatric Primary Care
- D3 – Pediatric Hospital Safety
- D4 – Pediatric Chronic Disease Management: Asthma
- D5 – Pediatric Chronic Disease Management: Diabetes
- E1 – Improved Maternal Care
- E2 – Maternal Safety
- F1 – Improved Access to Adult Dental Care
- F2 – Preventive Pediatric Dental
- G1 – Palliative Care
- H1 – Integration of Behavioral Health in a Primary or Specialty Care Setting
- H2 – Behavioral Health and Appropriate Utilization
- H3 – Chronic Non-Malignant Pain Management
- H4 – Integrated Care for People with Serious Mental Illness
- I1 – Specialty Care
- J1 – Hospital Safety
- K1 – Rural Preventive Care
- K2 – Rural Emergency Care

Resource Documents

Local Resources

- [RHP3 Kickoff Provider Presentations](#) – contains the presentations that were given by Region 3 Performing Providers at the RHP3 DSRIP DY7-8 Kickoff event on June 25, 2018. Providers shared details on their system definitions, Category C selections, and interventions/Core Activities used to address selected outcomes.

State Resources

- [Category C Summary Workbook](#) – lists Category C measure selections in all regions. This file can be used to identify the specific measures a provider has selected to report on within their bundles or on the CMHC or LHD menus and can be sorted by multiple columns including RHP, provider name, and measure ID.
- [Primary Anchor Contacts by RHP](#) – lists the primary contact for each Anchor entity in every Regional Healthcare Partnership (RHP) in Texas. Can be used if you are interested in reaching out to providers in other regions.
- [Texas Measure Bundle Protocol](#) – details provider requirements surrounding Categories A-D. Providers can refer to this document for the complete list of Measure Bundles, as well as measures on the CMHC and LHD menus.
