EVENT INFORMATION

The purpose of the Learning Collaborative is to provide an update on and review current topics related to healthcare transformation in Region 3 of the Texas 1115 Waiver. Attending these sessions, participants will:

- Learn about the future of the 1115 Waiver from HHSC
- Hear about upcoming opportunities to develop project-level sustainability plans and strategic partnerships
- Hear about the Region’s new Community Health Needs Assessment and discuss efforts to impact the Social Determinants of Health

- Get a first glimpse into Regional planning efforts to develop DY7 action steps toward improved Regional collaboration and healthcare quality
- Gain an understanding of current legislative activities around healthcare policy
- Network and learn about useful services
- Learn about local healthcare innovators thinking outside the box

This event consists of lectures and panel discussions, each followed by a question and answer period. Additionally, there are several opportunities to provide feedback via electronic real-time polling and sticky notes on easels around the conference space. The event is designed to facilitate exchange of information and dialogue between presenters, steering committees, and participants.

PARKING

Validated parking is available at two locations: under the Hilton building and at the Welcome Center across the street from the Hilton. You will receive one parking validation at our check-in/registration desk (validation does not allow in and out privileges). **Please bring your parking garage ticket into the conference.**

HANDOUTS

In an effort to be more environmentally friendly, hard copies of the day’s materials are limited. Documents can be retrieved electronically through the QR code provided below or at <https://www.piersystem.com/go/doctype/6182/295538/February-7-2017>.

The QR code below enables participants to scan and load electronic versions of documents for reference during the event. To use the code, first download one of the free smartphone/tablet applications below:

| QR Code Reader for iPhone (iTunes) | QR Code Reader for iPad (iTunes) |
| Code Scanner Free (Windows Store) | QR Code Reader for Windows Phone (Windows Store) |
| QR Code Reader Kindle (Amazon Apps) | |

POSTER SHOWCASE SESSION

From 10:30 to 11:00am providers will display project posters under the theme of “Breaking Silos.” Providers will showcase how their projects successfully broke down patient care silos within or between the DSRIP organization/s, the community, and other providers. Project representatives will be on hand during the session to answer your questions about their work.

BUSINESS CARDS AND GIFT DRAWINGS

Bring plenty of business cards. This is your chance to network with other stakeholders and to share information on the important healthcare infrastructure activities in our Region.

Attendees giving sticky-note feedback on the Regional Quality Plan and DY7-8 DSRIP Protocol during those feedback sessions should drop their business cards in the lobby’s business card bowl to be eligible for two gift drawings at 2pm.

WIFI

Wifi access is available on the University of Houston’s public network. No code is required.
