Please note that a contact designated "Lead Contact" will be included in the RHP Plan and on the DSRIP Provider Distribution List. A contact designated as "Both" will be included in the RHP Plan, on the DSRIP Provider Distribution List, and will be given access to the DSRIP Online Reporting System.

Section 3: Optional Withdrawal From DSRIP

Please select an option below. By selecting "Yes - Withdraw from DSRIP," this organization acknowledges it understands that any DY6 DSRIP payments will be recouped as required by the DY6 Program Funding and Mechanics Protocol. This does not include recoupment of DY4-5 payments that may have occurred in DY6 due to allowable carryforward.

Do Not Withdraw from DSRIP]
Section 4: Performing Provider Overview	
Performing Provider Description:	Memorial Hermann is the largest not-for-profit health system in Southeast Texas. Inpatient, Emergency Department, Maternal Department services are included for Memorial Hermann Southwest, Memorial Hermann Southeast, Memorial Hermann Greater Heights, and Memorial Hermann The Woodlands Hospitals. In addition to these hospital facilities, Memorial Hermann Medical Group Clinics and Memorial Hermann Community Benefit Neighborhood Clinics are also included.
Overall DSRIP Goals:	Memorial Hermann's overall DSRIP goals are to improve the quality and increase the access of care for the Medicaid and Uninsured populations. Memorial Hermann aims to accomplish these goals by transforming the delivery of care through innovative core activities and projects. Specifically, Memorial Hermann plans to enhance coordination and transitions for patients between primary care and Emergency Departments (ED), increase access to appropriate behavioral health and crisis intervention services, increase access to primary care and enhance palliative care services, all while improving hospital safety and quality. Memorial Hermann's Mental Health Crisis Clinics and Behavioral Health Case Management Program will increase access and provide patient navigation to appropriate behavioral health and crisis intervention services. Increase access and provide patient navigation to appropriate behavioral health and crisis intervention arvices in a through Hermann's Unit Iontinue to increase access and provide patient navigation to appropriate behavioral health and crisis intervention services. Memorial Hermann's and provide these much needed services for this at-risk population. Memorial Hermann's Quality & Patient Safety Department will continue to focus on improving safety and care for all patients in all settings.
Alignment with regional community needs assessment:	Memorial Hermann's DY7-8 RHP Plan Update aligns with the following priority areas identified in the 2017 Community Needs Assessment for RHP3: (1) The Integrated Behavioral & Primary Care and Palliative Care programs align with need to address the lack of primary and specialty care Providers, particularly for uninsured individuals and people requiring behavioral health services, which results in insufficient access to care and frequent long waits for services; (2) The ED Patient Navigation, Nurse Triage, and Palliative Care programs align with the need to address the high prevalence of chronic disease and poor health in the Region, including diabetes, heart disease, asthma, cancer and cardiovascular disease; (3) The Integrated Behavioral & Primary Care and Psych Response Team programs align with the need to address the shortage of behavioral health services throughout the Region, which lacks both the Providers and facilities to adequately meet the demand for behavioral healthcare services; and (4) The ED Patient Navigation, Aurse Triage, Integrated Behavioral & Primary Care, and Psych Response Team programs align with the need to increase care coordination and collaboration to improve patient services that are often fragmented and uncoordinated, which creates challenges for both patients and Providers and contributes to inefficient healthcare delivery.

Section 5: DY7-8 DSRIP Total Valuation

		DY7-8 DSRIP Valuation Distribution			
	Valuation if regional private hospit	al participation requirement is met	Valuation if regional private hospital participation requirement is \underline{not} met

Section 1: Attributed Population

Attributed Population for Hospital For Hospital organizations and Physician Practices, the DSRIP attributed population includes individuals from the DSRIP system defined in Category B that meet at least one of the criteria below. Individuals do not need to meet all or

multiple criteria to be included.

a. Medicaid beneficiary attributed to the Performing Provider during the measurement period as determined by assignment to a primary care provider (PCP), medical home, or clinic in the performing providers DSRIP defined system OR

o. Individuals enrolled in a local coverage program (for example, a county-based indigent care program) assigned to a PCP, medical home, or clinic in the performing providers DSRIP defined system OR

c. One preventive service provided during the measurement period (Includes value sets of visit type codes for annual wellness visit, preventive care services - initial office visit, preventive care services - established office visit, preventive care individual counseling) OR

d. One ambulatory encounter during the measurement year and one ambulatory encounter during the year prior to the measurement year OR e. Two ambulatory encounters during the measurement year OR

Other populations managed with chronic disease in specialty care clinics in the performing providers DSRIP defined system

g. One emergency department visit during the measurement year OR h. One admission for inpatient or observation status during the measurement year OR

. One prenatal or postnatal visit during the measurement year OR . One delivery during the measurement year OR

. One dental encounter during the measurement year OR Enrolled in a palliative care or hospice program during the measurement year

Please describe any other attributed population (optional).

Please describe your rationale for selecting this Measure Bundle, and describe the primary system components (clinics, facilities) that will be used to report on and drive

Please describe your rationale for selecting this Measure Bundle, and describe the primary system components (clinics, facilities) that will be used to report on and driv improvement in this Measure Bundle. (1) Memorial Hermann identified G1 as a measure bundle which aligned with community needs and aligned with a current DSRIP project which could drive improvement within the specified patient populations. (2) The measure bundle aligns with Memorial Hermann's DSRIP goals, the community needs, and the transformation of care for the MLIU population by providing Palliative Care services and improving patient outcomes and quality of life with a focus on relief from symptoms, stress, and pain related to a serious illness. (3) Memorial Hermann will expand and alter the current Palliative care program to drive improvement in this measure bundle. Facilities include Memorial Hermann Southwest, Southeast, Greater Heights, and The Woodlands Hospitals.

			Measure Bundle
Select Measure Bundle? (Yes/No)	Measure Bundle ID	Measure Bundle Name	Base Points
No	H3	Chronic Non-Malignant Pain Management	10
No	H4	Integrated Care for People with Serious Mental Illness	5
No	11	Specialty Care	2
Yes	J1	Hospital Safety	10

Please describe your rationale for selecting this Measure Bundle, and describe the primary system components (clinics, facilities) that will be used to report on and drive improvement in this Measure Bundle.

(1) Memorial Hermann identified J1 as a measure bundle which aligned with community needs and aligned with Memorial Hermann DSRIP goals.
 (2) The measure bundle aligns with Memorial Hermann's DSRIP goals by improving hospital safety and quality for all patients at Memorial Hermann facilities. The improvements that this bundle will drive continue to transform care delivery for the MLU population.
 (3) Memorial Hermann continues to focus on improving hospital safety and overall quality in our facilities. Facilities for this measure bundle include Memorial Hermann Southwest, Southeast, Greater Heights, and The Woodlands Hospitals.

Section 1: Measure Exemption Requests and Measure Setting System Components Complete

Section 1: Measure Exemption Requests and Measure Setting System Components

In order to be eligible for payment for a measure's reporting milestone, the Performing Provider must report its performance on the all-payer, Medicaid-only, and LU-only payer types. Performing Providers may request to be exempted from reporting a measure's performance on the Medicaid-only payer type or the LU-only payer type with good cause, such as data limitations. Note that reporting a measure's all-payer performance is still required to be eligible for payment for a measure's reporting milestone.

DY7-8 Provider RHP Plan Update Template - Category A Core Activities

Progress Tracker

Section 1: Transition from DY2-6 Projects to DY7-8 Provider-Level Outcomes and Core Activities Section 2: Core Activities

All Selected Measure Bundles/Measures Associated with at Least One Core Activity

Performing Provider Information

RHP:

TPI and Performing Provider Name: Performing Provider Type: Ownership: s 020834001 - Memorial Hermann Hospital System (The Woodlands) Hospital Private

Section 1: Transition from DY2-6 Projects to DY7-8 Provider-Level Outcomes and Core Activities

DY6 Project ID	Project Option	Project Summary	Completed/ Continuing	Enter a description for continuation (optional)
RHP 3_020834001.1.1	1.1.1	Increase number of school-based primary care sites in low income communities for people with limited access. Expand Memorial Hermann Health Centers for Schools program by 3 health centers & 1 mobile dental van.	Continuing as Core Activity in DY7-8	
RHP 3_020834001.1.2	1.6.2	Implement a region-wide 24-hour nurse triage line that will assist patients considering an ER visit in determining what level of care they need to access & connect them to an appropriate resource. Goal is to ensure efficient use of the system's ED & reduce unnecessary visits.	Continuing as Core Activity in DY7-8	
RHP 3_020834001.1.3	1.12.2	Expand home health service to include psychiatric services. Includes specialized training & certifications for nurses & addition of social work services to link clients to additional community care programs. Goal is to provide support of patients with mental health issues, to better manage their care in the home & community, & reduce number of visits to EDs for psychiatric care that could be managed in the home/community environment.	Continuing as Core Activity in DY7-8	
RHP 3_020834001.1.4	1.1.2	Create neighborhood centers that integrate all ambulatory services in a highly coordinated, efficient and accessible manner for the greater Houston MSA. Target population is patients in the greater Houston MSA that would benefit from seeking ambulatory care at ambulatory facility rather than acute care facility.	Continuing as Core Activity in DY7-8	
RHP 3_020834001.2.1	2.2.5	Provide a 24/7 liaison to act as an adjunct to the Psych Response Team and provide case management of post-discharge behavioral health patients. Case management will identify individuals whose chronic mental illness predicts they will likely have repeat visits to the ER and connect them with case management services for follow-up after discharge.	Continuing as Core Activity in DY7-8	

Section 2: Core Activities

Please enter your organization's number of Core Activities:

Please select the grouping for this Core Activity.

Expansion of Patient Care Navigation and Transition Services

a) Please select the name of this Core Activity.

Enhancement in coordination between primary care, urgent care, and Emergency Departments to increase communication and improve care transitions for patients

b) Please enter a description of this Core Activity

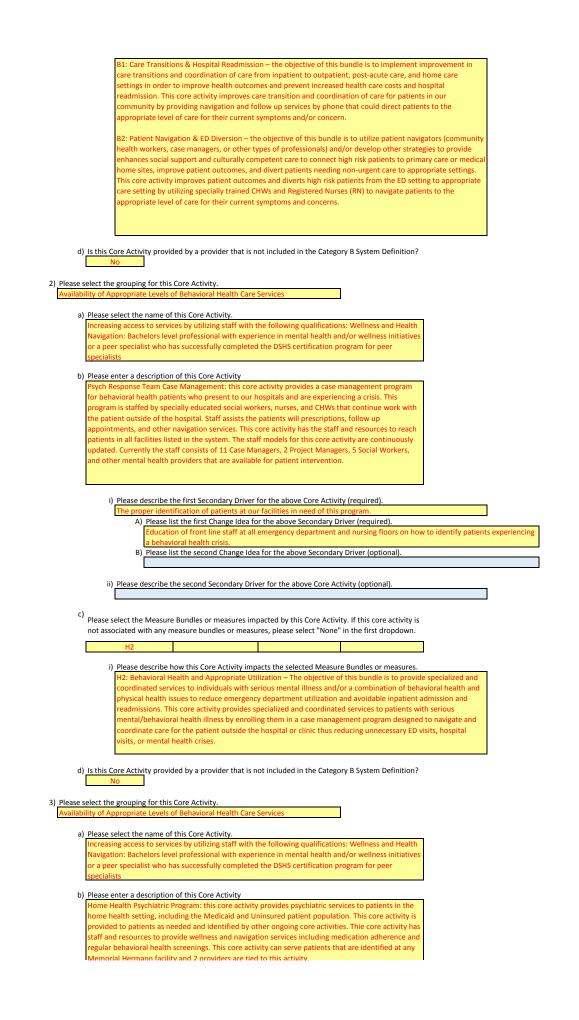

24-Hour Nurse Triage Hotline: this program is a phone line available 24 hours a day and 7 days a week that allows a patient to call a specially trained registered nurse that provides guidance and navigation services on the appropriate course of action with current symptoms or concerns. This services has staff and resources to potentially provide over 70,000 encounters a year. This hotline is available to take calls from anywhere in the state of Texas but the core activity focuses advertisement and improvement within the greater Houston area. The 24-Hour Nurse Triage Hotline continously updates staffing models according to demand and to address quality and includes around 20 staff members that are either nurses or patient navigators.

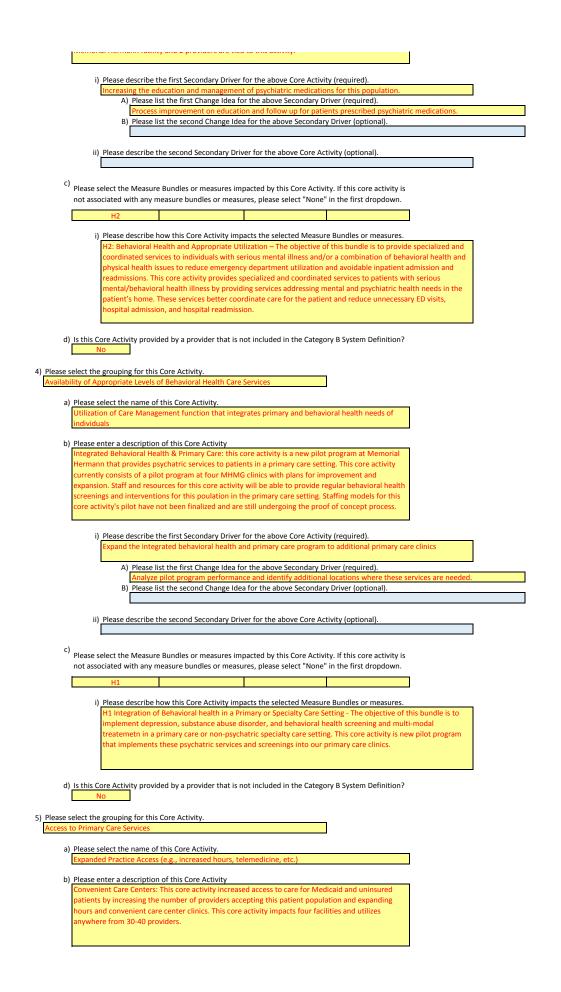

i) Please describe the first Secondary Driver for the above Core Activity (required).
 Educate Memorial Hermann patients and external community about the triage line.
 A) Please list the first Change Idea for the above Secondary Driver (required).
 Community promotions at events and other external activities, paid online advertisement, promotion on Memory Hermann websites.
 B) Please list the second Change Idea for the above Secondary Driver (optional).

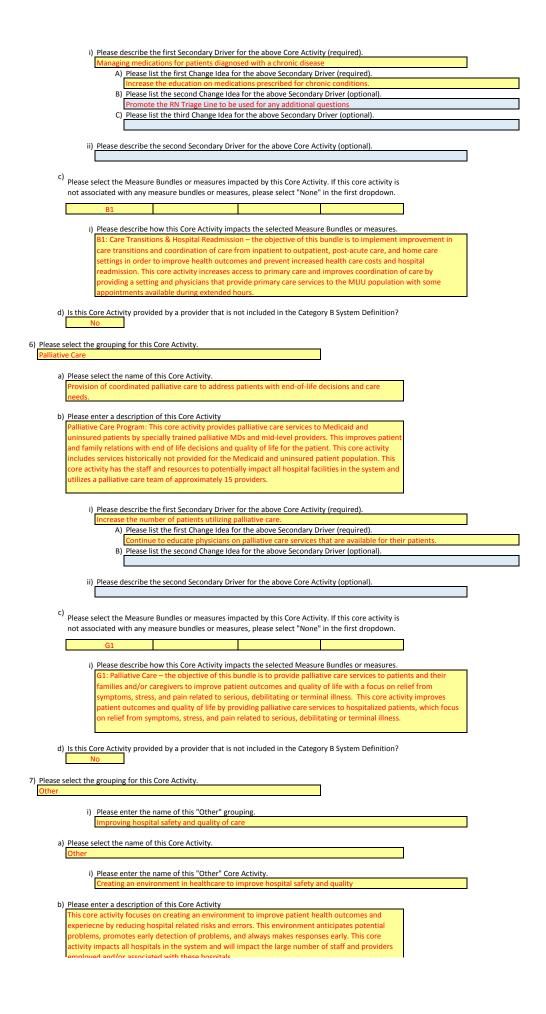

ii) Please describe the second Secondary Driver for the above Core Activity (optional).

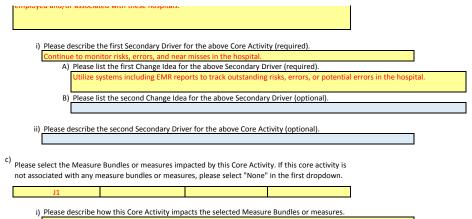

c) Please select the Measure Bundles or measures impacted by this Core Activity. If this core activity is not associated with any measure bundles or measures, please select "None" in the first dropdown.

i) Please describe how this Core Activity impacts the selected Measure Bundles or measures.

I1: Hospital Safety Improve – the objective of this bundle is to improve patient health outcomes and experience of care by improving medication management, reducing the risk of health-care associated infections, and reducing hospital errors. This core activity directly impacts the bundle objective by creating an environment in which potential problems are anticipated, detected early, and virtually always responded to early enough to prevent catastrophic consequences.

d) Is this Core Activity provided by a provider that is not included in the Category B System Definition?

Do you confirm the information in this section and acknowledge the understanding of limited allowed changes as described in the Program Funding and Mechanics Protocol and Measure Bundle Protocol?

Yes

Section 4: Category A Core Activities Associated with Category C Measure Bundles/Measures

Bundle-Measure ID	Measure Bundle/Measure Name	Associated Core Activities
B1	Care Transitions & Hospital Readmissions	Enhancement in coordination between primary care, urgent care, and Emergency Departments to increase communication and improve care transitions for patients ; Expanded Practice Access (e.g., increased hours, telemedicine, etc.)
B2		Enhancement in coordination between primary care, urgent care, and Emergency Departments to increase communication and improve care transitions for patients

G1	Palliative Care	Provision of coordinated palliative care to address patients with end-of-life decisions and care needs.
H1	Integration of Behavioral Health in a Primary or Specialty Care Setting	Utilization of Care Management function that integrates primary and behavioral health needs of individuals
H2	Behavioral Health and Appropriate Utilization	Increasing access to services by utilizing staff with the following qualifications: Wellness and Health Navigation: Bachelors level professional with experience in mental health and/or wellness initiatives or a peer specialist who has successfully completed the DSHS certification program for peer specialists; Increasing access to services by utilizing staff with the following qualifications: Wellness and Health Navigation: Bachelors level professional with experience in mental health and/or wellness initiatives or a peer specialist who has successfully completed the DSHS certification program for peer specialists
J1	Hospital Safety	Other - Creating an environment in healthcare to improve hospital safety and quality

Do you confirm the information in this section and acknowledge the understanding of limited allowed changes as described in the Program Funding and Mechanics Protocol and Measure Bundle Protocol?

Section 5: Category D Valuations

Statewide Reporting for Hospitals

Yes

Measure	Category D valuation per DY distributed across measures (if regional hospital participation requirement is met)	Category D valuation per DY distributed across measures (if regional hospital participation requirement is <u>not</u> met)
Potentially preventable admissions (PPAs)	\$951,899.31	\$317,299.77
Potentially preventable 30-day readmissions (PPRs)	\$951,899.31	\$317,299.77
Potentially preventable complications (PPCs)	\$951,899.31	\$317,299.77
Potentially preventable ED visits (PDVs)	\$951,899.31	\$317,299.77
Patient satisfaction	\$951,899.31	\$317,299.77

Do you confirm the information in this section and acknowledge the understanding of limited allowed changes as described in the Program Funding and Mechanics Protocol and Measure Bundle Protocol?

Section 6: Certification

By my signature below, I certify the following facts: • I am legally authorized to sign this document on behalf of my organization;

• I have read and understand this document:

• The statements on this form regarding my organization are true, correct,

Yes

and complete to the best of my knowledge and belief.
