1. General Anchor Communication

- As always, thank you for all of your continued work!

2. DSRIP Implementation

April DY6 Reporting

- The DSRIP Online reporting system is currently open for providers to complete their April DY6 reporting. Reporting materials (e.g., companion documents, templates, etc.) are posted to the *Tools and Guidelines* page on the waiver website (<https://hhs.texas.gov/laws-regulations/policies-rules/waivers/medicaid-1115-waiver/1115-medicaid-waiver-tools-guidelines-regional-healthcare-partnership-participants>).
 - To request access to the reporting system, providers should submit a completed RHP Contact Change Form (<https://hhs.texas.gov/sites/hhs/files/documents/laws-regulations/policies-rules/1115-docs/RHP/Plans/Contact-Change.pdf>) to the waiver team at TXHealthcareTransformation@hhsc.state.tx.us.
 - Due to compatibility issues for some providers using Excel 2007, HHSC will be posting an updated version of the April DY6 QPI Reporting Template on the waiver website. There is **no substantive difference** between the first version and the updated version, so if you have previously downloaded a QPI template and it has worked fine for you, there is no need to download and complete the new version of the template.

Compliance Monitoring

- **Cat 1 and 2**
 - Round 3 reviews continue as planned. For the most part providers should not have a lot of new requests during April, unless they previously requested extensions and pushed the deadlines to April.
 - HHSC is finalizing messages to the providers to Round 2, and still working with MSLC on findings for some of the projects. Some providers will get additional notifications from MSLC with changes in previous findings/results.
- **Category 3**
 - MSLC continues to review Category 3 measures.

3. Waiver Renewal

Clinical Champions Workgroup

- HHSC is working with the Clinical Champions Bundle Advisory Teams (BATs) for hospital and academic health science centers. BATs have a list of measures under consideration for inclusion in measure bundles, and a three-round voting process is underway.
