I. Call to Order and Record of Attendance

Ms. Anne Clutterbuck, Chair, called the meeting to order at 9:03 a.m., and noted that a quorum was present. The attendance was recorded.

II. Announcements / Special Presentations

A. Special Recognition – Dr. Michael Gardner, Executive Vice President and Administrator, Ambulatory Care Services, recognized the Health Care for the Homeless Program (HCHP) for receiving an award from the Health Resources and Services Administration (HRSA) for quality performance during Calendar Year 2016. He commended Ms. Linda Kinchen, Director, HCHP and HIV Services; Mr. Nelson Gonzalez, Grants Project Manager, HCHP and HIV Services; and Dr. Yasmine Quadri, Medical Director, HCHP and HIV Services, for their hard work and dedication. Dr. Gardner stated that HCHP receives approximately 10,000 patient visits per year and that its standards for quality care exceed federal standards. He announced that HRSA recognized HCHP with a monetary award in the amount of $71K for the excellent level of care the program provides.

IV. Strategic Discussion

A. Review and Discussion Regarding Selected Goals and Objectives from “The Bridge to 2020” Harris Health System Strategic Plan

1. Pillar 1: Financial Stability
Marketplace Insurance for Eligible Harris Health Patients

Mr. Michael Norby, Executive Vice President and Chief Financial Officer, led the discussion regarding Marketplace insurance for eligible Harris Health patients. He stated that according to provisions of the Affordable Care Act (ACA), Harris Health may subsidize insurance for eligible Harris County residents if their eligibility is based on income and not on health status. In 2017 Harris Health treated 39,000 residents who were eligible for insurance coverage under the Health Insurance Marketplace (Marketplace) and 3,700 of those patients enrolled in Marketplace insurance plans. Harris Health expects to pay $1.2M in total subsidies and to receive $6.9M in collections for services provided for the year. In 2018 Harris Health projects that there will be approximately 39,000 Harris County residents who will be eligible for Marketplace coverage. Two-thirds of those eligible residents are legal immigrants and one-third are United States citizens. If 100% of the 39,000 eligible patients enroll in Marketplace coverage in 2018, Harris Health will pay an estimated $12.8M in subsidies. If Harris Health achieves an 80% enrollment rate, net patient revenue is projected to increase by $63M. Mr. Norby stated that although Molina Healthcare (Molina) offered the most affordable insurance plan for Harris Health’s patients in 2017, Molina plans will not be an option for Harris Health in 2018 because Molina no longer accepts third-party payments. However, he stated that Harris Health and CHC, Inc. will collaborate to provide insurance coverage and subsidies for patients.
Mr. Michael Hill, Senior Vice President, Chief Business Development and Strategy Officer, delivered an overview of Harris Health’s Marketplace enrollment timeline. He stated that beginning in July 2017 Harris Health corresponded with all patients who are eligible for Marketplace coverage and Harris Health subsidies through letters and emails. On October 1, 2017, CHC, Inc. will begin utilizing contracted enrollment agents to contact patients regarding Marketplace enrollment via telephone calls, email, and text messages. Beginning October 1st, eligible patients will also be given letters in person at all Harris Health service locations. The Marketplace enrollment period for 2018 begins November 1, 2017 and ends December 15, 2017. Because the enrollment period is reduced to forty-five (45) days, Harris Health’s enrollment centers will be open seven (7) days per week and will operate extended evening hours Monday through Friday. A special enrollment period will be enacted between December 16, 2017 and October 31, 2018 to accommodate patients with pending enrollments or life changes that meet the eligibility requirements. Marketplace insurance coverage will begin January 1, 2018.

Mr. Kenneth Janda, President and Chief Executive Officer, Community Health Choice, Inc. (CHC, Inc.) and Community Health Choice Texas, Inc. (CHCT, Inc.), stated that Marketplace growth will be CHC, Inc.’s primary focus in 2018 because the ACA creates opportunities to bring more federal funds into the healthcare system. Mr. George Masi, President and Chief Executive Officer (CEO), stated that it would greatly benefit Harris Health to enroll more patients in Marketplace insurance plans and decrease Harris Health’s uncompensated care rate from 60% to 50%. Discussion ensued. Dr. Ewan Johnson inquired regarding how patients are incentivized to seek Marketplace coverage if they receive healthcare at minimal or no cost through the Harris Health Financial Assistance Program. Mr. Norby responded that participants in the Harris Health Financial Assistance Program are required to actively seek coverage through other funding sources such as the Marketplace, Medicaid, or other sources. A copy of the Marketplace insurance report is available in the permanent record.

2. Pillar 2: Our Patients
   Effective Management of Jail Inmate Health Care

Mr. Hill led the discussion regarding jail inmate health care. He reported that the Harris County Jail averages 8,500 inmates per month and that Harris Health treats 80% of these inmates either before, during, or after their incarceration. Harris County Jail performs 16,000 tests and fills 31,000 prescriptions on average each month. On an annualized basis, Harris County inmates make up 2,500 of Harris Health’s patients, make 3,500 visits to Harris Health facilities, and incur $18.8M in charges. Mr. Hill stated that 56% of emergency room visits by Harris County inmates are eligible for telemedicine. He recommended that Epic Systems software be installed at the Harris County Jail and that Harris Health place a clinic inside the jail since 80% of inmates have already been assigned a medical record number in Epic. Implementing Epic would facilitate inmate clinic visits, permit the utilization of telemedicine in the jail, and eliminate the security risks and transportation costs incurred when an inmate is delivered from the jail to Harris Health facilities for medical care. Mr. Hill estimated that Harris Health can perform 80% of the laboratory tests that the Harris County Jail currently pays LabCorp to do and that Harris Health can do these tests at a lower cost. Mr. Lawrence Finder expressed concern regarding what measures will be taken to protect the Harris Health staff working in a jail.
clinic. Dr. Ericka Brown, Senior Executive Vice President and Chief Operating Officer, responded that there is no secure process or partnership currently in place to manage inmates when they arrive at Harris Health’s facilities for health care. She stated that the jail setting offers a more controlled environment and that processes will be established to ensure that care can be provided safe manner. Mr. Finder inquired regarding the additional costs that Harris Health will incur providing health care for jail inmates. Mr. Masi stated that providing inmate health care would not be an unfunded mandate because funds will be made available to cover any additional costs. A copy of the inmate health care report is available in the permanent record.

3. **Pillar 1: Financial Stability**

   Capital Campaign Fund Development Plan

Ms. Kelli Fondren, Vice President and Chief Development Officer, led the discussion regarding the 2017 Capital Campaign fund development plan to benefit the Ben Taub Hospital (BTH) Level I Trauma Center. The goal of the Capital Campaign is to raise $25M. To date, $1.1M has been raised and there are $11M in pending pledges in the community. The Harris County Hospital District Foundation (Foundation) scheduled its annual Jubilee of Caring Gala to be held October 19, 2017 and $500K has been raised to date in connection with this event to benefit the Capital Campaign. Harris Health retained The Black Sheep Agency to develop the Campaign marketing and communications strategy, and the Foundation retained the Trevino Consulting Group to assist with fundraising efforts, donor cultivation, and grant writing. The next steps will be to recruit a Campaign cabinet to assist with fundraising, develop Campaign materials, and cultivate and solicit top fundraising prospects. The Campaign kickoff is scheduled to occur in December 2017. Ms. Fondren stated that the Foundation also developed the Family for Life Giving Campaign to grant Harris Health employees and stakeholders annual opportunities to contribute to Harris Health. The 2018 Family for Life Giving Campaign will launch in February 2018 and proceeds will benefit the BTH Level I Trauma Center. Ms. Clutterbuck requested that Ms. Fondren provide the Board a list of the top twenty-five (25) prospects for the Capital Campaign and a schedule of upcoming meetings so that the Board may follow up with potential donors. Ms. Daisy Stiner requested further information regarding the mission of the Development Office and how its long-term fundraising goals align with Harris Health’s budget projections. A copy of the 2017 Capital Campaign report is available in the permanent record.

**B. PILLAR 1: FINANCIAL STABILITY**

1. **Harris Health System Legislative Initiatives**

   a. Update, Discussion and Possible Action Regarding Activities in Austin Relating to Legislative/Regulatory Issues Impacting Harris Health System, the 85th Legislative Session, and the Harris Health System Legislative Platform.

   Mr. R. King Hiller, Vice President, Public Policy and Government Relations, led the discussion regarding activities in Austin relating to legislative/regulatory issues impacting Harris Health System. He reported that the House Appropriations Committee will hold a Hurricane Harvey hearing on Monday, October 2, 2017 at the
University of Houston Hilton Hotel to discuss the utilization of federal funds by state agencies and the impact of natural disasters in the future. Mr. Hillier stated that CMS and the Health and Human Services Commission met on Monday, September 18, 2017 to continue negotiations regarding the Texas Medicaid 1115 Waiver (1115 Waiver). A copy of the legislative update is available in the permanent record.

b. Update, Discussion and Possible Action Regarding Pending Federal Legislative and Policy Issues Affecting Harris Health System.

Mr. Hillier led the discussion regarding pending federal legislative and policy issues affecting Harris Health System. He reported that Ms. Seema Verma, the Administrator for the Centers for Medicare & Medicaid Services (CMS), visited BTH on Monday, September 18, 2017 and that CMS also conducted a closed meeting with CEOs from the Texas Medical Center to discuss the impacts from Hurricane Harvey, the 1115 Waiver, and other related topics. National and regional representatives from the Federal Emergency Management Agency (FEMA) visited BTH and Lyndon B. Johnson Hospital on Tuesday, September 19, 2017 to view the effects of the hurricane at each pavilion. The Graham-Cassidy bill to repeal and replace the ACA was tabled by the United States Senate on September 26, 2017 due to a lack of support. Medicaid Disproportionate Share Hospital (DSH) reductions that are contained in the ACA are scheduled to go into effect October 1, 2017. A copy of the legislative update is available in the permanent record.

c. Review and Discussion Regarding the Status Report on the 1115 Waiver Harris Health System and External Provider Projects.

Mr. Hillier and Ms. Amanda Callaway led the discussion regarding the 1115 Waiver status report. Mr. Hillier estimated that further information regarding the 1115 Waiver renewal will not be available until November 2017. He stated that Delivery System Reform Incentive Payment (DSRIP) policy will shift its emphasis from projects and pay-for-volume to an emphasis on system improvements and pay-for-quality. Mr. Hillier provided the following three (3) potential scenarios regarding 1115 Waiver renewal: 1) a continuation through the next 21-month period at current funding levels; 2) a five-year renewal at level or reduced funding; or 3) non-renewal of the 1115 Waiver, leading into a four-year transition period during which DSRIP funds will be reduced by 25% each year over the four (4) years. Ms. Stiner requested a status report of the Harris Health DSRIP projects that are likely to be impacted by legislative modifications. A copy of the 1115 Waiver status report is available in the permanent record.

**Motion 17.09-106**

Moved by Dr. Kimberly Monday, seconded by Dr. Ewan Johnson, and unanimously passed that the Board approve agenda item IV.B.2.b.

Mr. Norby presented the Harris Health System August 2017 financial report. He reported that patient volumes were significantly reduced and that net patient revenue was 21% less than budget due to the impact of Hurricane Harvey and the closure of
several outpatient clinics during the last week of August 2017. Mr. Norby stated that the decreased volumes led to a decrease in monthly expenses. He reported that Harris Health's operating income for the month was a loss of $10.1M, which was a negative variance of $5.9M against a budgeted loss of $4.2M. Mr. Norby projected that hurricane damages will total between $4M and $5M in capital expenses and he stated that Harris Health will appeal to FEMA for assistance in paying for claims. A copy of the report is available in the permanent record.

Motion 17.09-107
Moved by Mr. Lawrence Finder, seconded by Dr. Ewan Johnson, and unanimously passed that the Board approve agenda item IV.B.2.c.
