

HARRISHEALTH

Community Connections

Your inclusive, impactful, and innovative source connecting MWBEs to Harris Health opportunities

Coffee & Conversations: Doing Business with Houston Independent School District (HISD):

Harris Health’s Contractor Diversity Program is hosting its May Coffee & Conversations session on Monday, May 18th, 2026, from 9–10 a.m. virtual meeting. Join for an engaging virtual session designed to help small businesses better understand procurement pathways and upcoming opportunities with HISD. This session will provide a comprehensive overview of HISD procurement and vendor engagement. Please [click here](#) to register.

Project Opportunities

Harris Health is continually expanding its network of trusted partners and service providers, and we want to ensure that diverse businesses have the opportunity to participate. Be on the **lookout** for updates on new opportunities across various departments and sectors.

Solicitations

Harris Health System posts all procurement solicitations on the Harris County Bonfire platform. [Click here](#) to see a list of anticipated opportunities below, please note that estimated posting dates are subject to change. The most reliable way to stay informed is by regularly checking the Bonfire portal at <https://harriscountytx.bonfirehub.com>. Once a solicitation is posted, it will include a detailed timeline—such as deadlines for submissions and the question period—as well as a designated email contact for any solicitation-related inquiries.

Vendor Success Story: Competitive Choice

Our work with Harris Health System has focused on supporting the day-to-day reliability of their critical infrastructure in a way that is largely invisible but essential to both staff and patient experience. Through the consistent supply of specialty chemicals, we help maintain stable facility operations by supporting HVAC performance, preventing drain system disruptions, and ensuring that patient and clinical environments remain clean, safe, and compliant with healthcare standards. These efforts contribute to minimizing interruptions, reducing maintenance challenges, and allowing clinical teams to remain focused on patient care rather than facility issues. At the same time, our relationship with Harris Health has allowed us to grow as a business while meaningfully contributing to the broader community they serve. Knowing we play even a small role in supporting access to quality healthcare reinforces our commitment to do more and continue expanding that impact.

Thank you!

Community Connections, Partnerships and Impact

Indo-American Chamber of Commerce of Greater Houston (April 29th, 2026)- The IACCGH Small Business Series Luncheon brought together business leaders, community partners, and public sector representatives for an informative discussion focused on supporting and advancing small businesses in the Houston area. The event highlighted opportunities related to government contracting, certifications, and economic equity resources available through Harris County. Executive Director Tiko Reynolds-Hausman shared valuable insights on programs and pathways designed to help small businesses grow and succeed, while Commissioner Leslie Briones also spoke about the importance of expanding access, fostering community partnerships, and supporting diverse entrepreneurs across the region. The luncheon served as a meaningful networking and educational opportunity for attendees interested in business development and public sector engagement.

Greater Houston Procurement Breakfast: Doing Business with Healthcare Industry (April 28th, 2026): The monthly breakfast brought together small businesses, community leaders, and industry professionals for an informative morning focused on opportunities within the healthcare industry. The event provided attendees with the chance to learn more about doing business with healthcare organizations, upcoming procurement opportunities, and the importance of building strong partnerships within the community. Representatives from Harris Health, including Tamala Austin, Babak Zare and Angela Kostecki, shared valuable insight on future projects, including upcoming construction and expansion initiatives that may create additional opportunities for vendors and small businesses. The breakfast also served as a networking opportunity, allowing attendees to connect with various organizations, agencies, and business professionals, exchange resources, and build relationships that can support future collaboration and growth within the healthcare and supplier diversity space.
