Education & Prevention

Receive prevention information for colorectal cancer, breast cancer, cervical cancer, lung cancer, stroke and early heart attack care. Awareness and education for maternal and child health, trauma, substance use disorder and medication management will be available.

Information about the COVID vaccine, reproductive health and the Healthy Texas Women and Family Planning Program (FPP) application process will also be provided

*Harris County residents only.
Must be uninsured to be eligible for screenings.

Harris Health System's community engagement for the Acres Home Health Center is supported by Be Well[™] Acres Homes, an initiative of The University of Texas MD Anderson Cancer Center.

Harris Health's mask-wearing policy remains unchanged. Harris Health continues to keep our patients, families and employees safe by maintaining existing COVID-19 safety protocols including appropriate mask wearing.
