

## SURVIVAL KITS FOR CLINICAL STAFF

**In the midst of the current uncertainties, we'd like to take a moment to support the people we know we can depend on to be there for us day in and day out: our healthcare providers. These survival kits will show our front-line staff how much we appreciate them.**

- 1) Kits may contain: lotion, lip balm, candy, chocolate, a stress squeeze ball and lifesavers.
- 2) All items must be new and well-within expiration dates. We cannot accept used or expired items.
- 3) Please place all items in a Ziploc type bag.
- 4) Supplies for kits and/or a monetary donation to purchase supplies can also be accepted. Please email the Community Involvement department to discuss these options.

Once your kits are complete please contact the Community Involvement department to make arrangements for delivery.

For more information, email [giving@harrishealth.org](mailto:giving@harrishealth.org) or call Jennifer Buck at 713-865-0476.

Thank you for your generosity!
