AGENDA ITEM	DISCUSSION	ACTION/RECOMMENDATIONS
IV. Reconvene	At 9:35 A.M., Ms. Viera – Bland reconvened the meeting in open session, confirmed a quorum, and noted that no action was taken in Executive Session.	
V. DC Leadership Report		
	A. Report Regarding Medical Staff Operations, Clinical Operations, Statistical Analysis of Services Performed and Operational Opportunities at the Dialysis Center, Including Questions and Answers Dr. Lori Timmons, Director, Ambulatory Nursing, provided updates regarding medical staff operations, clinical operations, patient education initiatives, and operational opportunities at the Dialysis Center. During the report, an update was provided regarding the planned refresh of the educational videos originally developed in 2023 for the kidney care program. The updated videos will provide patients with current information regarding available program options and services. It was also reported that the Network of Texas shared that a safety-net facility in Miami was utilizing the existing educational videos to educate its patients, recognizing the value of the materials and their application beyond the local program. The presentation further addressed plans to update educational content related to dialysis options and infection control education. Additional preparation and more detailed educational materials for home visits are also being developed to better support and educate this patient population. Work on these updates is expected to begin in October, with assistance from the Environmental Department. During the discussion, a question was raised regarding the total number of peritoneal dialysis (PD) patients. It was reported that the current census was 58 patients, with approximately two additional patients anticipated to be admitted within the following month.	**As Presented.**
VI. Adjournment	There being no further business and without objection from the members of the Governing Body, the meeting adjourned at 9:37 A.M.	

I certify that the foregoing are the Minutes of the Harris Health System Dialysis Center at Quentin Mease Governing Body Meeting held on August 20, 2026.

Respectfully Submitted,

Libby Viera – Bland, AICP, ASC at DC at QM Governing Body Chair
