Public Comment Registration Process

Pursuant to Texas Government Code Ann. §551.007, members of the public are invited to attend the regular meetings of the Harris Health Board of Trustees and may address the Board during the public comment segment regarding an official agenda item or a subject related to healthcare/patient care rendered at Harris Health. Public comment will occur prior to the consideration of all agenda items.

If you have signed up to attend as a public speaker attending virtually, a meeting link will be provided within 24-48 hours of the scheduled meeting. Notice: Virtual public speakers will be removed from the meeting after speaking and have the option to join the meeting live via http://harrishealthtx.swagit.com/live. You must click the "Watch Live" hyperlink in the blue bar, located

on the top left of the screen.

How to Request to Address the Board of Trustees

Members of the public must register in advance to speak at the Harris Health Board of Trustees Board meetings. Members of the public can contact the Board of Trustees Office during core business hours, Monday through Friday between 8:00 a.m. to 4:00 p.m. To register, members of the public must submit registration no later than 4:00 p.m. on the day before the scheduled meeting using one of the following manners:

- 1. Providing the requested information located in the "Speak to the Board" tile found at https://www.harrishealth.org/about-us-hh/board/Pages/registerForm.aspx
- Printing and completing the downloadable registration form found at https://www.harrishealth.org/about-us-hh/board/Documents/Public%20Comment%20Registration%20Form.pdf
- 3. Emailing a hard-copy of the completed registration form to BoardofTrustees@harrishealth.org
- 4. Mailing a completed registration form to 4800 Fournace Pl., Ste. E618, Bellaire, TX 77401
- 5. Contacting a Board of Trustees staff member at (346) 426-1524 to register verbally or by leaving a voicemail with the required information denoted on the registration form

Prior to submitting a request to address the Harris Health Board of Trustees, please take a moment to review the rules to be observed during the Public Comment Period.

Rules During Public Comment Period

The presiding officer of the Board of Trustees or the Board Secretary shall keep the time for speakers.

Three Minutes

A speaker, whose subject matter, as submitted, relates to an identifiable item of business on the agenda, will be requested by the presiding officer to come to the podium where they will be provided three (3) minutes to speak. A speaker, whose subject matter, as submitted, does not relate to an identifiable item of business on the agenda, will also be provided three (3) minutes to speak. A member of the public who addresses the body through a translator will be given at least twice the amount of time as a member of the public who does not require the assistance of a translator.

Committee Reports

Committee Meeting:

- Quality Committee April 8, 2025
 - A summary is attached for your review.
 - o Harris Health Safety Message: Minute for Medicine Video
 - Informed Consent Done Right
 - o Workplace Safety & Violence Prevention Update

Board of Trustees – Executive Summary Patient Safety & Quality Programs April 30, 2025

Please refer to the reports presented at the Quality Committee Meeting Open Session on April 8, 2025, for additional details.

Open Session:

HRO Safety Message - Video: "Informed Consent Done Right"

High-reliability Organizations (HROs) are those that successfully complete their missions despite massive complexity and high risk. Examples include the Federal Aviation Administration's Air Traffic Control system, aircraft carriers, and nuclear power plants. In each case, even a minor error could have catastrophic consequences. Yet, adverse outcomes in these organizations are rare. Five principles of a High Reliability Organization (HRO) are: (1) Preoccupation with failure; (2) Reluctance to simplify interpretations; (3) Sensitivity to operations; (4) Commitment to resilience; and (5) Deference to expertise.

Workplace Safety & Violence Prevention

Harris Health's commitment to the safety of employees and patients continues to evolve as conditions change. Some of the current efforts and opportunities for improvements include getting the message to people through videos, website communication, email communication, flyers and monthly meetings. Snippets from current videos were presented demonstrating current efforts and programs that included Workplace Safety Briefs and the updated website. The Workplace Safety & Violence Prevention Committee convenes monthly to help navigate and assist with events.

Harris County Purchasing Agent

April 10, 2025

Board of Trustees Office Harris Health

RE: Board of Trustees Meeting – April 30, 2025 Budget and Finance Agenda Items

The Office of the Harris County Purchasing Agent recommends review of the attached procurement actions:

- A. Approvals
- B. Harris Health Premier Spend Report for Q1 FY2025 (information only, no action requested)

All recommendations are within the guidelines established by Harris County and Harris Health.

Sincerely,

Paige MoInnis

Paige McInnis Purchasing Agent

<u>Updates Regarding Pending State and Federal Legislative and Policy Issues</u>
<u>Impacting Harris Health</u>

R. King Hillier

SVP, Public Policy & Government Relations

April 2025 Board of Trustees Monthly Report

Federal Update

Budget Reconciliation Update: With the U.S. House of Representatives passing a Senate-amended budget framework April 10 that advances the potential for deep and damaging cuts to Medicaid. The House successfully passed the concurrent resolution by a narrow margin of 216-214. As outlined in the text, both House and Senate Committees are required to submit their reconciliation recommendations to their respective budget committees by May 9. This action is getting congressional Republicans another step closer to a final bill – which would need only a simple majority to pass the Senate instead of the usual 60-vote threshold. The resolution includes the House's massive \$880 billion deficit reduction benchmark for the House Energy & Commerce Committee, which oversees Medicaid and other programs. It is estimated at a minimum the impact on Harris Health could exceed over \$130 million.

The Energy and Commerce Committee blue print/health policy components still include the following:

- Work requirements for expansion populations;
- A ban on coverage for undocumented immigrants excluding emergency Medicaid;
- Rollback of provider tax/LPPF safe harbor threshold from 6% to 5%; and
- A 6-month Medicaid eligibility limitation.

At the time of this report being written, Medicaid Block Grants and Per Capita Caps are not being considered. That could change.

More detailed impact are included in the THA Facing the Federal Flurry white paper which details recent proposals to cut Medicaid funding, and why legislation tied to funding programs like Medicare and Medicaid must be handled in a careful, non-disruptive fashion that doesn't upset key health care systems. A <u>brand-new THA explainer</u> on the catastrophic impact of proposed cuts dispels myths about Texas' Medicaid program and lays out the detrimental impact of potential reforms.

These links provide useful information to be utilized to educate our congressional delegation and others regarding the risks of implementation of cuts without taking in consideration the special needs of Front Line Hospital Alliance hospitals/health systems, vulnerable suburban hospitals/health systems and endangered rural hospitals/health systems and the need for federal designation of these hospitals. Codifying the definition for these types of health system is critical for future policy changes in disaster mitigation, epidemic response, 340B modernization, and facility fee/site neutrality policy discussions.

<u>Reconciliation Timeline:</u> The House plans to begin that next step of the process in the next work period, which is scheduled to run from April 28th through May 22nd following the two-week Easter recess (which began shortly following the vote).

While the schedule remains fluid and difficult to firmly predict, the current targets of upcoming events are as follows:

- April 28th May 8th: Possible House Markups
- May 12th May 22nd: Budget Committee and Target for House Floor Activity
- June, July, and Beyond: Senate and Conference Activity

This process provides for essentially three versions and opportunities for meaningful debate over the bill: 1) the House version (beginning in the upcoming work period), 2) the Senate version (target June-July), and 3) the final Conference version (target July-December).

Harris Health staff and executive leadership fully anticipate a busy summer and fall in Washington, D.C. on Capitol Hill.

State Update

<u>Facility Fee Advocacy:</u> Harris Health personnel continue to engage in good faith negotiations on critical pieces of legislation impacting restrictions and requirements for facility fees and national provider identifier (NPI) numbers.

Filed versions of this legislation would have prevented facility fees for telehealth and telemedicine encounters as well as for preventive health services in addition to requiring each outpatient clinic or facility obtain unique NPI numbers. These versions also contained burdensome notice requirements to patients and payors for certain facility fees.

Compromise versions struck language preventing facility fees for telehealth and telemedicine services where the patient physically presents in a facility, and—most critically—they struck language preventing facility fees for preventative health services.

Compromise versions have also struck language requiring unique NPIs in favor of "place of service codes" and include a study on the issue to be conducted by The University of Texas Health Science Center at Houston, utilizing the Texas All Payor Claims Database.

Though notice requirements are still present in the compromise versions, their effective date is delayed.

As of this writing, both House and Senate versions of these bills have received committee hearings, but have yet to obtain committee approval—a necessary first step to becoming law.

Though we expect some proposal on this matter to make significant progress, if not obtain final codification, and though the filed versions were would have had a catastrophic impact, the versions currently under consideration by key lawmakers are highly negotiated compromises supported by Harris Health.

<u>State Legislation Protecting 340B:</u> Representing Harris Health, Dr. Porsa offered compelling testimony in the House Committee on insurance supporting legislation seeking to safeguard the federal 340B discount drug pricing program.

340B allows safety net providers to stretch scarce federal resources by allowing purchase of expensive medications at a heavily discounted price. These savings allow Harris Health to expand unreimbursed, or partially reimbursed, access to care in various manners, including:

- The food as medicine program
- The home visit program
- Graduate medical education
- Health care for the homeless
- Health care for the county jail inmates

Recently, however, for-profit pharmaceutical companies have sought to increase already astounding revenues on the backs of safety net providers and the communities they serve by attacking the 340B program with attempts to pursue back-end rebates in lieu of up-front discounts and prohibiting safety net providers from obtaining discounts when using contract pharmacies.

Texas is just the latest battleground in this nationwide effort.

Leading up to and after the House Insurance hearing, Harris Health personnel worked with the Texas Hospital Association to identify lawmakers willing to affix their names as coauthors on this piece of legislation, in addition to helping shore up committee support.

As of this writing, the bill is pending in House committee, but is expected to obtain committee approval soon.

<u>Curbing Concrete Crushing:</u> Several Harris County lawmakers have filed numerous pieces of legislation seeking to protect the value of the \$2.5 billion LBJ Hospital bond package approved by voters from the proposed concrete crushing facility slated for development and operation mere steps from the hospital entrance.

Though these bills have yet to move, a recent development in the form of a bill filed with leadership approval would prohibit concrete crushing facilities within 2000 yards of a hospital. Current law provides schools, churches, and residences with mandatory buffers, but allows hospitals with no such protection.

Harris Health personnel continue to work closely with Harris County personnel to shepherd such protections through the process.

<u>Authorizing Harris Health to Employ Peace Officers:</u> In both House and Senate committees, Harris Health's Chris Okezie and John Hollerman testified on legislation authorizing our organization to employ and commission peace officers.

The last of Texas' large urban hospital districts to lack this authority, Harris Health has long relied on the traditional model of unarmed security officers and supplemental off-duty law enforcement personnel to staff our facilities. This can, however, be unreliable, and a dedicated police force will be vastly more familiar with the complex layouts of our facilities as well as the personnel staffing those facilities.

Moreover, Harris Health has not been spared the widely reported surge of workplace violence in healthcare settings. This is particularly true for violence directed at employees—from 2020 to 2025 we have recorded 1179 assault incidents in our facilities with some resulting in serious injuries to our workforce.

Fortunately, and with support from Harris Health personnel, this legislation has obtained approval by the Senate committee of jurisdiction, and awaits the same in the House.

<u>Medicaid Contracting Proposals:</u> Community Health Choice and Harris Health personnel continue to engage in negotiations involving the Medicaid contracting process at the Texas Health and Human Services Commission.

We have thus far been successful in slowing down and defeating legislative and budgetary proposals detrimental to Community Health Choice and Harris Health, such as proposals seeking to replace the state's procurement process with an application state—or file and compete—scheme, in addition to budgetary proposals seeking to prohibit the state from spending state revenue to execute the most recent procurement awards.

Community Health Choice CEO, Lisa Wright, offered testimony on the matter in front of the House Committee on Delivery of Government Efficiency, and Community Health Choice/Harris Health personnel have met with and continue to interface with critical committee chairs, bill authors, delegation lawmakers, and stakeholders.

It should be noted, although standalone pieces of legislation on this matter detrimental to our organizations have stalled, they can be resurrected via procedural maneuvers and House floor amendments.

Moreover, although key state budget writers have expressed opposition to budgetary attempts canceling the procurement, these initiatives can conceivably be similarly resurrected till final passage of the budget occurs toward the end of session.

In short, though we have been largely successful on the matter to date, we cannot rest or take anything for granted till we reach critical legislative deadlines that will not occur till near the end of the 89th Regular Session in late May/early June.

<u>Discussion Regarding the Grant Assurance Form from The Houston Regional HIV/AIDS</u>

Resource Group (TRG) to Harris County Hospital District d/b/a Harris Health

The assurance form from The Houston Regional HIV/AIDS Resource Group (TRG) to Harris Health requires that it be presented to the Harris Health Board of Trustees for discussion, and that the discussion, and the signed assurance form, be recorded in the official meeting minutes.

- The grant assurance form is part of the grantor's annual form update to subrecipients.
- The signing of this form ensure compliance with grantor's funding requirements.

Administration submits the Grant Assurance Form from The Houston Regional HIV/AIDS Resource Group (TRG) to the Harris County Hospital District d/b/a Harris Health Board of Trustees for discussion.

Thank you.

Jennifer Small, AuD, MBA, CCC-A

Chief Executive Officer / Ambulatory Care Services

THE HOUSTON REGIONAL HIV/AIDS RESOURCE GROUP, INC. 2025 ANNUAL SUBMISSIONS

NONPROFIT BOARD OF DIRECTORS AND EXECUTIVE DIRECTOR ASSURANCES FORM

Agency Name	Harris County Hospital District DBA Harris Health
Agency	4800 Fournace Place
Address	Bellaire, TX 77401

The people signing on behalf of the above-named organization certify that they are duly authorized to sign this Assurances form on behalf of the organization. The undersigned acknowledge and affirm:

- A. The Board of Directors/Governing Board convenes on a regularly scheduled basis (no less than quarterly) to discuss the operations of the organization.
- B. An annual budget including each TRG contract has been approved prior to the beginning of each budget year.
- C. Actual revenue and expenses are compared with the approved contract budget, variances are noted, and corrective action taken as needed (with Board approval).
- D. Timely and accurate financial statements are presented by the designated financial officer to the Board of Directors/Governing Board on a regular basis.
- E. The Board of Directors/Governing Board will ensure that any required financial reports and forms, whether federal or state, are filed on a current and timely basis.
- F. Adequate internal controls are in place to ensure fiscal integrity and accountability and to safeguard assets.
- G. The Treasurer of the Board has been oriented and trained in his or her responsibilities as Treasurer.
- H. Each Board Member has signed an annual Conflict of Interest Statement. Documentation will be made available for inspection by TRG staff.
- Each new Board Member has been oriented and trained in the responsibilities of being a member of the Board including but not limited to the Legal and Fiscal Responsibilities for Nonprofit Board of Directors. Each Board member will complete orientation and training no later than 45 days after contract execution or after taking office, as applicable. Documentation will be available for inspection by TRG staff.
- J. The Board has Audit and/or Finance Committees that convene regularly and communicate effectively with the Board Treasurer and other Board members in understanding and responding to financial developments.
- K. The organization observes Generally Accepted Accounting Principles when preparing financial statements and fund accounting practices are observed to ensure integrity among specific contracts or grants.
- L. If a contract is executed with TRG, this form will be discussed in detail at the next official Board meeting and that notes of the discussion and a signed copy of this form will be included in the minutes of the meeting. A copy of the minutes will be kept at the organization and be available for inspection by TRG staff.
- M. The organization will administer any contract executed with TRG in accordance with applicable federal statutes and regulations, including federal grant requirements applicable to funding sources, Uniform Grant Management Standards issued by the Governor's Office, applicable Office of Management and Budget Circulars, applicable Code of Federal Regulations, and provisions of the contract document.

Risk Management Report

As a health center funded by the Health Resources and Services Administration (HRSA) the Harris Health Care for the Homeless Program (HCHP) is required to have a governing board that maintains appropriate authority and oversees the operations of the program. This annual risk management report informs the board of the ongoing risk management program to reduce the risk of adverse outcomes and provide safe, efficient, and effective care and services. Topics presented include high-risk and monthly risk assessments, adverse event reporting, and risk and patient safety activities.

Highlighted Risk Management Activities for 2024:

- Completed annual health care risk management training for health center staff.
- Daily clinic patient service huddles and weekly risk management assessments such as infection prevention, environment of care rounds, patient experience rounds, and safety monitoring and hand hygiene inspections.
- Monthly chart audits completed by the Medical Director and quality assurance coordinator
- Monthly Compliance and Performance Improvement Committee meetings.

Areas of Improvement

- Expired patient supplies
- Explanation of RACE/PASS and steps of an Active Shooter situation
- Food and drink in patient care areas
- Emergency management transfers

Operational Update

2024 Service Area Analysis

The Health Care for the Homeless Program (HCHP) serves the City of Houston area through its shelter-based clinics and mobile outreach (medical and dental) units. The clinics are located in the majority of areas where people experiencing homelessness congregate, primarily in Downtown and the surrounding area. The service area analysis covers the reporting period from January 1, 2024 to December 31, 2024.

The top five zip codes are areas where HCHP continues to provide primary care services

- o 77051: 840 patients (Sunnyside area/Star of Hope Cornerstone Community)
- o 77002: 524 patients (Downtown area/multiple clinics)
- o 77007: 441 patients (West of Downtown/Salvation Army Adult Rehabilitation Center & Harmony House)
- o 77004: 438 patients (Third Ward area/Lord of the Streets)
- o 77055: 271 patients (Spring Branch East/two sites served by the medical mobile unit

HCHP is the dominant health center, based on 2024 UDS Mapper data for the following zip codes:

- 0 77002
- 0 77004
- 0 77007
- 0 77011
- 0 77051
- 0 77030
- 0 77055
- 0 77078

Consideration of Approval of the HCHP Consumer Advisory Council Report

Attached for review and approval:

• HCHP Consumer Advisory Council Report (November 2024 – January 2025)

Administration recommends that the Board approve the Healthcare for the Homeless Program Report as required by the United States Department of Health and Human Services which provides funding to the Harris County Hospital District d/b/a/ Harris Health System to provide health services to persons experiencing homelessness under Section 330 (h) of the Public Health Service Act.

Jennifer Small, AuD, MBA, CCC-A

Chief Executive Officer / Ambulatory Care Services

HCHP Consumer Advisory Council Report

Highlights of Council Activities from November 2024 – January 2025:

- Members received updates on ongoing operational changes at Harris Health and the Health Care for the Homeless Program (HCHP).
- Members reviewed reports related to performance improvement, productivity, and patient satisfaction, with corresponding corrective action plans.
- The council was updated on staff vacancies and changes.
- The council was informed that HRSA approved the Service Area Competition grant application and awarded the program a three-year grant.
- The council was informed about the Uniform Data System (UDS) Report process and due dates.
- The council was informed about Mayor Whitmire's proposed changes to the Houston homeless services.
- The council was informed about various community events and health fairs that the program has participated in.
- The chair shared information from the council-at-large meetings.
- The council participated in the HCHP Holiday event.

Chief Executive Officer / Ambulatory Care Services

Health Care for the Homeless Program 2024 Annual Risk Management Report to Harris Health Board of Trustees

Executive Summary

As health center funded by the Health Resources and Services Administration (HRSA) the Harris Health - Health Care for the Homeless Program (HCHP) is required to have a governing board that maintains appropriate authority and oversees the operations of the program. This annual risk management report informs the board of the ongoing risk management program to reduce the risk of adverse outcomes and provide safe, efficient, and effective care and services. Topics presented include high-risk and monthly risk assessments, adverse event reporting, and risk and patient safety activities.

Risk Management Highlights of 2024:

- Completed annual health care risk management training for health center staff.
- Contracts reviewed by the compliance and legal departments.
- Daily clinic patient service huddles and weekly risk management assessments such as infection prevention, environment of care rounds, patient experience rounds, and safety monitoring and hand hygiene inspections.
- Participation of HCHP in the Harris Health Safety Committee.
- HCHP management met quarterly with shelter management to address risk management and safety concerns in addition to productivity and performance improvement strategies.
- Training on, reporting, and tracking of incident reporting for clinically related complaints and "near misses."
- Supervision of nurse practitioners by medical doctors.
- Monthly chart audits completed by medical doctors and by the quality assurance coordinator.
- Monthly Compliance and Performance Improvement Committee meetings.
- Participation in Ambulatory Care Services Quality Review Council.
- Assignment of a Harris Health infection prevention nurse to support the HCHP.

Hand Hygiene Observations

Huma Hygiene Objet vations						
Measures	Goal	Q1	Q2	Q3	Q4	Annual Total
Wash-in	95%	100%	100%	100%	100%	100%
Wash-out	95%	100%	99.4%	99.5%	100%	99.7%

Activity Focus Area	Summary Description of Assessment
Environment of Care Rounds	 Areas of concern that have improved: Expired patient supplies. Explanation of RACE/PASS and steps to be initiated during an Active Shooter situation. Food and drink in patient care areas.
	<u>Limitations</u> :
	 Inconsistent staff adherence to new food and drink policies in high-traffic areas. Ongoing challenges with maintaining 100% inventory accuracy, leading to occasional expired supplies. Limited resources for frequent staff training, potentially impacting the depth of knowledge about emergency protocols. Need for more clearly defined areas to manage food and drink consumption in shared spaces. Training gaps for new staff members who may not be fully acquainted with policies and procedures.
	Proposed future activities:
	 More rigorous inventory management processes. Regular audits and checks for expired supplies. Increased awareness and training for staff to identify and replace expired items promptly. Every Thursday staff will perform checks on expired supplies and anything within 30 days is discarded. Clearer signage and education on where food and drink are permitted and implement hydration stations. Staff reminders to enforce these policies to reduce cross-contamination or accidents in patient areas. Tip sheets located by computer stations for RACE/PASS and active shooter situation.

- Collaborating with Supply Chain to implement digital tracking tools to help with the real-time monitoring of inventory and expiration dates.
- Comprehensive onboarding process for new staff, with a focus on policies related to environment of care, patient safety, and emergency procedures.
- Regular check-ins with new staff to ensure understanding and compliance with environmental safety protocols and huddle reminders.

Adverse Event Reporting

Areas that have improved:

- Falls.
- emergency management transfers
- Recognizing change of conditions in early stages for treatment.

Thirty-eight incidents reported in 2024 on the Electronic Incident Reporting System, <u>including</u>:

- Twelve unanticipated intra-facility transfers to a higher level of care.
- Nine unexpected changes in patient condition.
- Eight emergency services/response activation of internal or external emergency plan.
- Four suicide crises.
- Three fall/slip/trip incidents.
- One medication/documentation error.
- One other varied situation.

Proposed future activities:

- Improved Staff Education & Training: Enhance staff training in early detection of patient condition changes to prevent unanticipated transfers or emergencies. This includes regular in-service training and workshops on recognizing and responding to patient deterioration. Change of condition modules quarterly.
- Enhanced Communication Protocols: Strengthen communication during handoffs between care teams to reduce incidents related to patient condition changes. Implement standardized handoff tools like SBAR (Situation, Background, Assessment, Recommendation) to ensure clear, concise communication.
- Strengthening Suicide Prevention Efforts: Identifying at-risk individuals through depression screenings, increasing access to behavioral health classes, conducting Screening, Brief Intervention, and Referral to Treatment (SBIRT), crisis de-escalation, creating safety plans, and transfer to higher levels of care.
- Improved Fall Prevention Program: Expand and enhance the fall prevention program by implementing regular patient assessments for fall risk,

ensuring more frequent rounding by nursing staff, ensuring no rolling chairs, ensuring no items in the walk way, and improving patient education on fall risks. The falls reported are all HCHP staff therefore encourage them to use proper body mechanics. Ensuring staff is adhering to the dress code policy and wearing proper shoes.

- Medication Safety Initiatives: Increase the use of technology to reduce medication errors, such as entering National Drug Code in EPIC, double-checking protocols for high-risk medications, and enhanced training in proper documentation procedures for medications. Medication administration audits during rounding in clinics 10 per week.
- **Simulation Training:** Clinical Resource Nurse Regularly conduct emergency drills and simulations (including internal and external emergency plan activations) to improve staff readiness for a variety of critical situations. These drills should cover diverse emergency scenarios, ensuring staff are prepared for a range of responses monthly.
- Root Cause Analysis: Implement a more structured root cause analysis (RCA) for each incident to better understand underlying factors and improve systems to prevent similar occurrences. Feedback loops to staff involved in incidents will ensure lessons learned are applied.
- Patient-Centered Care Initiatives: Focus on improving the patient experience through better care coordination and individualized treatment plans, reducing the need for unanticipated transfers and enhancing overall patient satisfaction and safety.

Actions:

- Regular audits and reviews of incident reports to identify trends and areas for improvement
- Enhanced real-time monitoring systems for patient vitals and conditions to reduce unexpected changes
- Strengthened interdisciplinary collaboration for better crisis management and rapid response.
- Enhancing the safety culture through ongoing staff engagement, including regular safety briefings and incident feedback sessions.
