

## Haley Love, MPH, CHES

Haley Love is the newest addition to the Healthy@Harris Employee Wellness Team. Born and raised in Decatur, Georgia, Haley is a proud alumna of Georgia State University, where she received her Bachelor's Degree in Psychology with a Minor in Special Education. Upon realizing her passion for addressing health disparities caused by racial inequities, Haley pursued and received her Master of Public Health degree with a Concentration in Community Health Education from the University of North Carolina in Greensboro and became a Certified Health Education Specialist (CHES). Shortly after receiving her MPH, Haley moved to Waco, Texas in 2018 to begin her career in public health as a Public Health Education Specialist at the Waco-McLennan County Public Health Department. In this role, Haley co-led a coalition to improve maternal and child health outcomes for Women and Children of Color.

During the COVID-19 Pandemic, Haley discovered an opportunity to experience another sector of public health and moved to Houston, Texas in 2020 to begin a new journey at Harris Health System. In her role as an Employee Wellness Coordinator, Haley is responsible for creating educational webinars and managing eLearning data for spouses of employees, coordinating fitness activities for all Harris Health System employees and eligible family members and creating and teaching classes and workshops on various wellness topics.

Within her first year at Harris Health, Haley became the 2021-2024 Chair of MOSAIC, a new multi-cultural Employee Resource Group at Harris Health System. Haley was also awarded for living a healthy lifestyle and remains committed to wellness inside and outside the office. This can be seen in her hobbies which include dancing, singing, exercising, spending time with loved ones and traveling.
